AUTHORITY TO ALLOW STUDENT PARTICIPATION IN DISTRICT INFORMATION PROGRAMS

Highlighting achievements in our schools is an integral part of reporting responsibly to our community and is a way of sharing in the success of our schools and students. LCSD1 recognizes that certain school events and programs when released to the media, whether broadcast, published in print or on the district web site, offer informational, educational, cultural and recreational opportunities for the community. The district also recognizes the inherent obligation that requires it to make every effort to prevent the exploitation or denigration of its students. Therefore, with the possibility of differing perceptions, we respectfully request that a parent/legal guardian consent to the photographing, filming, videotaping or interviewing of a student *and* to the photographing, filming or videotaping of his/her work (student retains copyright for all original work).

I grant permission to photograph, film or videotape student or student's work and to interview student for the purpose of illustration, publication, display or new releases and media coverage.
