

How to Use the TLNA Guide

- LCSD #1 has several learning resources for staff and students to use to improve proficiency with technology. The resources are [How to Master](#), [Atomic Learning](#) and [NetTrekker](#). The reference guides will refer to these resources and also to the Help function for the Microsoft products.
 - How To Master - Login will be your district login
 - Atomic Learning - Login is Laramie1 and password is Wyoming
 - Atomic Learning Getting Started Guide
 - Link to Atomic Learning tutorials
http://www.atomiclearning.com/k12/en/admin_support_info/?p_id=gethelp
 - NetTrekker – You will need to create a user account
-  Help -- All Microsoft products have a help function signified by the question mark in the upper left corner of the display. Help is an excellent 'on-board' resource.
-  The arrow means to move to the next step.
- The web addresses can be copied and pasted into Internet Explorer or any web browser, or CTRL + click will take you to the link.
