

Now you can use your LCSD #1 Login to access Atomic Learning. This is the web link to take advantage of this feature-- <http://www.atomiclearning.com/k12/en/login/laramie> . There are advantages to using this new service:

- Record of usage in *real* time
- Record of completed lessons
- Allows for LCSD #1 prescribed study

The best way to use this feature with the TLNA guide is to open the [Atomic Learning](#) site using this link or the address above. Next, login with your district login and password. When using the TLNA Reference Guide do **not** click on the Atomic Learning link in each area, but simply follow the directions to find the prescribed lesson.
